## 5. Food

- a. Does the Health Department or some other agency exercise control over the c.following:
  - 1. Slaughtering Yes, Govt
    2. Handling Meats Yes
- 4. Shellfish Yes Govt.
  5. Markets Yes "

25X1

- 6. Other foods Yes 3. Fish - Yes - Govt. 6. Other foods - Yes 7. Restaurants, if yes who? - Ministry of Health checks

once a week.

## 10. b. Milk

.. Oto

- 1. How is cow's milk distributed? Bottled, pasteurized by private companies
- 2. What per cent of milk available is: Pasteurized- 100% Bottled? 95%
- 3. What per cent of dairy cattle are tuberculin tested: 100% By whom? Government and private companies.
- 4. Does any official agency control the sanitary quality of milk? NIH

## 6. Disposal Systems

- a. Has the city an operating sanitary sewerage system? Yes
- b. What part of the whole population is served by it? 90%
- c. Where there is no such system what is the most common method used for disposal of human excreta? Privies
- d. What is the ultimate disposal of sewage? To the sea.
- e. Are human excreta used for fertilizing land? No. f. Is there a drainage system adequate to carry surface rumoff? Yes
- g. Are there: Storm sewers? Yes Open ditches? No
- h. Are there any places near the city where surface water collects and stands after heavy rain? There are no heavy rains.

  1. Is there a general collection of garbage? Yes How often? Daily
- J. Is other refuse collected? Yes
- k. What ultimate disposal is made of garbage? Burned. Of other refuse (ashes, rubbish, street cleaning, dead animals)? Burned
- 1, What method is used for disposal of the dead? Burial
- 7. Pest Control (is there any organized method to control):
  - 1. Mosquitoes Yes 2. Flies Yes
- 3. Lice No
- 4. Rodents and Fleas Yes
- 8. Medical and Hospital Facilities

  - Number of Hospitals 10
     Total number of hospital beds No data
  - 3. Total number of charity beds no data
  - 4. Are the following types of service available?
    - a. Medical Yes b. Surgical Yes
- d. Nursing Yes

e. Obstetrical - Yes f. Are common drugs easily

c. Dental - Yes

- available? Yes W o .i∃ti i da
- 9. Local Health and Welfare Administration
  - a. Are there active divisions of the following:
    - 1. Tuberculosis control Yes
    - 2. Verereal Disease Yes

    - 3. Sanitation Yes 4. Maternity, infant Yes
    - 5. Child Health Yes
    - 6. Social Services for follow-up of infectious diseases Yes
